

This message is in regard to the Low Power FM(LPFM)which would take priority over FM translator service. The station I love and listen to is K-LOVE which would be affected by this new service. This station has been such a wonderful influence on me and in turn my family. It is a very encouraging station and listeners are not only comforted but lives have been totaling changed for the better through the music and messages which are heard from K-LOVE. I think our society being the way it is, needs stations like this to help them through the tough times of life and give them encouragement. I plead with you to not allow this LPFM service to interfere with such a great station as K-LOVE. Thank you!
